

Overview

VIVE™ Business Edition VR System

Introduction

VIVE™ Business Edition is shaping the future of how companies engage with their consumers, train their employees and develop products. VIVE™ BE is built to scale with your business requirements and delivers an exceptional experience in seated, standing and even multi-user, room-scale environments thanks to SteamVR™ Tracking technology. Start small or go big, VIVE™ BE is built to help you use virtual reality in innovative ways that grow and develop your enterprise.

HTC VIVE™ has set the standard for virtual reality through its award-winning features and experience. VIVE™ BE builds on that standard with integrated accessories, professional services and support required by enterprise customers.

Overview

Key Features and Benefits

- Included Deluxe Audio Strap features integrated on-ear headphones and comfort padding. Hard-sided construction makes it easier to put on and take off the headset, improves weight distribution and is ideal for multiuser environments.
- The VIVE™ Deluxe Audio Strap features an adjustment dial in back that makes it a cinch to switch the headset between players.
- Comfort padding and improved weight distribution ensure comfort while wearing the headset during immersive experiences.
- VIVE™ BE includes 4 interchangeable face cushions.
- The VIVE™ Deluxe Audio Strap* comes with integrated on-ear headphones that provide a more convenient experience in virtual reality.
- The headphones offer height and angle adjustment to make putting on and taking off the headset easier.
- Included 5-meter extension kit means 10 total meters of cable length for your headset, providing greater flexibility in your space setup and VR deployment.
- SteamVR Tracking enables you to create a tracked area where multiple people can work in VR.
